

e-508 GSA Interagency Accessibility Forum

eGovMarket's **e-508** document accessibility pricing, tracking and remediation platform has been accepted at the 2020 Interagency Accessibility Forum! The event takes place on October 6 & 7.

The 2020 Interagency Accessibility Forum with the theme “Enabling Missions through Accessible Technology - Leaving No One Behind” celebrates the 75th observance of National Disability Employment Awareness Month (NDEAM), and the 30th anniversary of the Americans with Disabilities Act (ADA).

e-508 allows for agencies to upload one or multiple documents, obtain pricing, track product status and pay electronically or utilize existing blanket purchase agreements. Users are also able to search a marketplace of vendors for socioeconomic categories, geographic area and GSA Schedule pricing.

For more information visit www.e-508.com or contact info@e-508.com or info@egovmarket.com.
